

Wednesday, September 22, 2021

8:00am	Holly Warmke, Pat Welch, Russell Richards		<i>Opening Remarks and Presentation of WTGS Honorary Life Member and Pioneer Awards</i>
8:30am	Art Berman	Labrynth Consulting Services, Inc.	<i>Net Zero, Gross Delusion</i>
9:30am	Bob Trentham	UTPB	<i>Stacked Greenfield and Brownfield Residual Oil Zones. North Ward Estes Areas, Western Margin of the Central Basin Platform, Permian Basin, Texas</i>
9:55am	Charles Kerans	BEG	<i>Secular Stratigraphic/Sediment Supply Trends and Evolution of the Permian Succession of the Permian Basin</i>
10:20am	Break - Coffee Bars Sponsored by:		 
10:40am	Dr. George Asquith	Texas Tech University	<i>Permian WolfBone Southeast New Mexico: Mobile OOIPstb Reserves Estimations</i>
11:05am	Deepak Gokaraju	MetaRock Laboratories	<i>Direct Measurement of Matrix and Fracture Permeability and its Evolution with Stress</i>
11:30am	Robin Dommissie	BEG	<i>Integrated Interpretation and Modeling of San Andres-Grayburg Tidal Bar Carbonate Grainstone Reservoir in Fasken Ranch 3D seismic area</i>
11:55am	Gretchen Gillis	Aramaco Americas	<i>"Same As It Never Was: Navigating Accelerating Change with a Little Help from AAPG"</i>
1:15pm	Paritosh Bhatnagar	Ikon Science	<i>An Integrated Workflow of Petrophysics, Rock Physics, and Geomechanics for Formations in the Delaware Basin</i>
1:40pm	Alessandra Simone	University of Houston	<i>Modeling the Acoustic Properties of Unconventional Reservoirs</i>
2:05pm	Jason Glascock	Drill2Frac	<i>Combining Fracture Depletion Mapping from Drilling Data with Image logs to Better Understand Fracture Driven Interactions</i>
2:30pm	John Pigott	University of Oklahoma	<i>Comparative Anatomy of Two Superbasin Carbonate Platforms Viewed through the Lens of 3D High Resolution Quantitative Seismic Sequence Stratigraphy: Leonardian of the Permian Basin and Jurassic of Arabian Platform</i>
2:55pm	Break - Coffee Bars Sponsored by:		 
3:20pm	Jozef Szypulski	UTPB	<i>The Effect of Early Paleozoic Normal Faults on Permian Aged Formations Using Seismic Attributes in Ector County</i>
3:45pm	Faye Liu	RevoChem	<i>Understanding Drainage Rock Volume vs. Stimulated Rock Volume - Case Studies in the Midland Basin</i>
4:10pm	Dave Cannon	Diamondback Energy	<i>Geomechanics: Setting the Record Straight</i>
4:35pm	Steve Robichaud	Echelon Exploration and Production	<i>Permian Basin Brine Mining</i>
5:00pm	Icebreaker
